## WHAT IS LIFT-SHARING?

Lift-sharing (or car-sharing) is when two or more people share their cars and travel together. It helps you to:

### REDUCE TRAVEL COSTS

Regular car-sharers save on average £80 per month!

### CUT CONGESTION AND POLLUTION

Lift-sharing reduces traffic & cuts damaging CO<sub>2</sub> emissions.

### MAKE NEW FRIENDS

Car-sharers have reduced stress because they enjoy a sociable drive and often become friends for life.

(You don't even need your own car. Many drivers are happy to offer a lift in exchange for a contribution to petrol costs!)
